**FW429** RF200 OTUS ULTRA WIDE BOA SAFETY BOOT

## DESCRIPTION

• Uncompromising Comfort. Ultra Wide 6E Width Fitting. The RF200 Otus Safety Boot delivers exceptional protection without sacrificing comfort. Developed through extensive collaboration with industry experts, it features a refined anatomical design to provide a superior fit for people who need an extra wide fit with limited seams for reduced friction. For this style, we have incorporated The BOA® Fit system delivers a micro-adjustable precision fit, engineered to perform in the toughest conditions and making it easier and quicker to take off, even when wearing gloves. The collar is constructed with a unique cooling lining to help strip away excess heat and sweat from the ankle area, significantly reducing the amount of friction. It's aluminium toecap shields your toes from a minimum of 200 joules of impact, offering peace of mind on any worksite, while the waterproof construction keeps your feet cool and dry in the most treacherous conditions. The exclusively crafted penetration resistant protective midsole developed by Activ-Step®, adds an extra layer of defence against sharp objects you might encounter throughout your workday. The rugged tread pattern provides superior traction on challenging paths, whether you're navigating gravel, mud, or loose soil, whilst a cushioned midsole absorbs impact for all-day comfort, allowing you to tackle your toughest jobs with ease. We use leather from a tannery audited & certified by the Leather Working Group (LWG). Don't let long days slow you down. Durable Leather Upper: Water repellent, LWG GOLD rated leather offers long-lasting performance that repels moisture and dirt. Recycled Post Consumer Polyester Webbing and Lining Mesh: Our recycled polyester supply chain is certified to the GRS. Waterproof Construction: Using 60% recycled post-consumer polyester, keeps your feet dry in wet conditions and at the same time, contributing to a reduced environmental footprint. Advanced Toe Protection: An aluminium protective toecap ensures safety without added weight. Advanced Penetration Resistant Performance: The exclusively crafted protective midsole developed by Activ-
