FW314 PM4040 METAL FREE TRAINER SHOE S3

CONFORMITIES/STANDARDS

EN ISO 20345:2011 S3 SRC

DESCRIPTION

• PM4040 METAL FREE TRAINER SHOE S3 It has a 100% non metallic construction and features a roomy, fibreglass toecap and composite midsole which allows the foot the flex and move freely. Bridgeport is widely specified on contracts due the vast, UK 3-15 size range and uniform styling enabling it to be 'the one for everyone'. The outsole complex is a dual density PU outsole which gives abrasion resistance whilst providing exceptional shock absorption and weight reduction. All day comfort comes from a lightweight EVA comfort footbed. Conforms to: EN ISO 20345:2011 S3 SRC
