

# AS335 Moorfoot

Standard EN ISO20345:2011

Category S3 M

Size Range UK 3 - 15 | EU 36 - 50

Colour Black

Slip Resistance SRC

**AS335 Moorfoot:** Lightweight flexible metatarsal safety boot from UK label, Amblers Safety. **Poron XRD™** Internal Metatarsal Protection provides full range of motion during regular use but offers a dense protective barrier upon high impact. It's a lightweight and low-profile material technology that offers dependable performance on impact absorption. 200J steel toe cap and underfoot protection with steel midsole. Five hardwearing industrial D-ring lace holds and upper speed lacing hooks. Cushioned tongue and deep padded ankle collar with rear pull loop. Antistatic construction. Hardwearing PU outsole with injected PU interlayer to ensure comfort and durability and energy absorbing heel. Deep grooves in the outsole offer slip resistance and meet SRC standards.

<b>Upper</b>	Water Resistant Cow Action Leather	<b>Construction</b>	Injection
<b>Inner Lining</b>	Breathable Mesh	<b>Sole</b>	Dual Density PU Sole
<b>Footbed</b>	Removable EVA Footbed	<b>Weight</b>	700 grams
<b>Impact Resistance</b>	200 Joules Steel Toe Cap	<b>Penetration Resistance</b>	Steel Midsole - Min. 1100N

## FEATURES

- ◆ Lightweight Flexible Metatarsal Safety Boot
- ◆ Poron XRD™ Internal Metatarsal
- ◆ Padded Mesh Collar
- ◆ Padded Mesh Tongue
- ◆ Antistatic
- ◆ Energy Absorbent Heel
- ◆ Oil Resistant Outsole
- ◆ Water Resistant Uppers

**Care Advice:** To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
